**INDEPENDENT AUDITORS' REPORT**

Board of Directors  
Special Operations Warrior Foundation

We have audited the accompanying financial statements of Special Operations Warrior Foundation (a nonprofit organization) (the "Foundation"), which comprise the statements of financial position as of December 31, 2016 and 2015, and the related statements of activities, changes in net assets, cash flows and functional expenses for the years then ended, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Special Operations Warrior Foundation as of December 31, 2016 and 2015 and the changes in its net assets, cash flows and functional expenses for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## Emphasis of Matter

The computation of the accrued scholarship liability is a material amount to the financial statements and the change in the liability is reflected in the Statement of Activities. See note F - Accrued Scholarships Payable for further discussion.

Special Operations Warrior Foundation

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE A - DESCRIPTION OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A description of the organization and a summary of its significant accounting policies consistently applied in the preparation of the accompanying financial statements follow:

1. Description of the Organization and Activities

Mission Statement - The Special Operations Warrior Foundation ("the Foundation") ensures full financial assistance for post-secondary education from an accredited two or four year college, university, or technical or trade school, as well as educational and family counseling, and tutoring, to the surviving children of United States Army, Navy, Air Force, and Marine Corps special operations personnel who lose their lives in the line-of-duty. The Foundation also provides immediate financial assistance to severely combat-wounded and hospitalized special operations personnel and their families.

The Foundation has a staff of 17 employees and is governed by a Board of Directors (up to 25 members). The Board of Directors has three standing committees: Executive, Audit and Finance, and Governance. The Foundation office is located in Tampa, Florida, in close proximity to MacDill Air Force Base, the home of the United States Special Operations Command (USSOCOM).

For purposes of the audited financial statements, when the term 'college' is used, it is intended to be all inclusive of post-secondary educational schools, two and four year colleges and universities, private and out of state colleges and universities, technical and trade schools. When the term 'scholarship assistance' is used, it is intended to be all inclusive of full funding including tuition, room and board, books, fees, transportation, tutoring and miscellaneous expenses for the educational programs.

A summary of the activities of the Foundation follows:

Scholarship and Counseling Support - The Foundation has a unique program in which it begins establishing a relationship with the families within 30 days of fatality. The Foundation's staff remains in contact with children and families, offers referral assistance, and works with each child to develop a personalized college education plan.

The Foundation provided approximately \$2.0 and \$1.6 million million in direct scholarship grants, academic and financial aid counseling, and related expenses for 181 and 161 children who attended college during 2016 and 2015, respectively.

At December 31, 2016, there are 1,182 children who survived 1,016 Special Operations personnel who gave their lives in patriotic service to their country. Of these 1,182 children, 293 have graduated college. Many of the children who are eligible for the Foundation funding are also eligible for funding from other military related organizations of which they are not aware. Therefore, the Foundation has established liaisons with many other organizations and coordinates the funding for the children in the Foundation program. Thus, while the total annual cost of 181 children in college would be an estimated \$4.1 million, the Foundation leverages the cost of the requirements from several other outside funding including government educational benefits.

Special Operations Warrior Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2016 and 2015

NOTE A - DESCRIPTION OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

However, the Foundation is prepared to provide full college funding should outside funding not be available. This unique program allows the Foundation to provide the funds required for each student's needs and to invest funds for the needs of the children who will attend college in the future. In addition to the direct financial assistance, the Foundation provides in-home tutoring for children from kindergarten through college graduation.

Support to Special Operations Wounded Personnel - The Foundation, at the request of the Special Operations Command, provides \$5,000 (\$3,000 in 2015) to meet the immediate financial needs their families face when Special Operations' men and women are hospitalized from wounds suffered in combat or severely injured in training. The Foundation provided approximately \$148,000 and \$72,000 in direct financial assistance for the years ended December 31, 2016 and 2015, respectively.

Counseling and Tutoring - The Foundation counselors provide educational counseling, advise families about educational tutoring, and assists with college applications.

2. Basis of Accounting

The accompanying financial statements, presented on the accrual basis of accounting, have been prepared to focus on the Foundation as a whole and to present balances and transactions according to the existence or absence of donor-imposed restrictions. This has been accomplished by the classification of assets, liabilities, and net assets into three classes - unrestricted, temporarily restricted and permanently restricted.

The Foundation adheres to the provisions of the Financial Accounting Standards Board *Accounting Standards Codification* ("FASB ASC").

FASB ASC 958-205 establishes standards for general purpose external financial statements of not-for-profit organizations and requires a statement of financial position, a statement of activities, and a statement of cash flows.

FASB ASC 958-605 requires the Foundation to distinguish between contributions that increase permanently restricted net assets, temporarily restricted net assets, and unrestricted net assets. It also requires recognition of contributed services meeting certain criteria at fair values.

These three classifications are defined as follows:

- Unrestricted net assets – not subject to donor-imposed restrictions or the donor-imposed restrictions have expired.
- Temporarily restricted net assets – subject to donor-imposed stipulations that may be fulfilled by actions of the Foundation to meet the stipulations or become unrestricted by the passage of time.

- Permanently restricted net assets – subject to donor-imposed stipulations that they be retained and invested permanently by the Foundation.

3. Liquidity

Assets and liabilities are presented in the accompanying statement of financial position according to their nearness of conversion to cash and, their maturity and resulting use of cash, respectively.

4. Cash Equivalents

Cash equivalents consist of highly liquid short-term market instruments and certificates of deposit with a maturity of three months or less when purchased. Cash equivalents approximated \$102,000 at December 31, 2016 and 2015, respectively.

5. Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets.

6. Pledges Receivable

Pledges receivable represent unconditional promises to give by donors. Pledges that are expected to be collected after one year have been discontinued and are reflected in the financial statements at their net present value, net of any uncollectible amounts.

7. Property and Equipment

Property and equipment are stated at cost, less accumulated depreciation. Depreciation expense is computed using the straight-line method over the estimated useful lives of the related assets ranging from 5 to 39 years. The Foundation capitalizes all purchases that exceed \$1,000.

8. Contributions

Contributions, including unconditional promises to give, are recognized in the period received. All contributions are available for unrestricted use unless specifically restricted by the donor. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Unconditional promises to give due in the current year are recorded at their net realizable value. Unconditional promises to give due in subsequent years are reported at the present value of their net realizable value, using risk-free interest rates applicable to the years in which the promises are to be received.

9. Board Designated Funds

The Foundation is committed to provide post-secondary funding for all surviving children of Special Operations Warriors who die in the line of duty. This commitment requires investing funds for current and future liabilities. Therefore the Board has directed funds, net of current year program expenses and operating expenses, be invested to meet the future liabilities.

10. Contributed Services, Materials, and Supplies

Material in-kind items used in the program (e.g., equipment, supplies, etc.) are recorded as income and expense at the time the items are placed into service or distributed.

Contributed services are reported as contributions at their fair value if such services create or enhance non-financial assets; the services would have been purchased if not provided by contribution; and the service requires specialized skills.

In addition, the Foundation received significant contributions of time from its Directors and unpaid volunteers for fundraising activities and other services to the Foundation. The value of this contributed time is not reflected in these statements since no objective basis is available to measure the value of these services.

11. Income Tax Status

The Foundation has received a determination of tax exempt status under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes is reflected in the accompanying financial statements.

The Foundation is not aware of any tax positions it has taken that are subject to a significant degree of uncertainty. Tax years after 2012 remain subject to examination by federal and state taxing authorities.

12. Allocation of Functional Expenses

Certain expenses are allocated on the basis of employee time involved or other allocable bases. Expenses incurred for benefiting a single function are reported directly into the appropriate function.

13. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

14. Concentration of Credit Risk

Financial instruments that potentially subject the Foundation to concentration of credit risk are primarily cash and money market funds. The Foundation's cash deposits are placed in financial institutions which at times may exceed the Federal Deposit Insurance Corporation (FDIC) coverage. The Foundation has not experienced any losses in its cash deposits and does not believe it is exposed to any significant credit risks related to uninsured amounts.

NOTE B - INVESTMENTS

Investments represent the Foundation's Board Designated endowment fund. This fund, designated to provide a revenue stream into perpetuity in order to fund the Foundation's scholarship liabilities, is stated at fair value and comprised of the following at December 31, 2016 and 2015:

	<u>2016</u>	<u>2015</u>
Money market funds	\$ 245,742	\$ 379,011
Fixed income	51,421,711	44,221,280
Stocks and mutual funds	<u>51,455,012</u>	<u>44,879,378</u>
	<u>\$ 103,122,465</u>	<u>\$ 89,479,669</u>

The Foundation's endowment is comprised of funds designated by the Board of Directors to function as endowments. Net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on existence or absence of donor imposed restrictions.

Interpretation of Relevant Law

In July 2011, the State of Florida adopted the *Florida Uniform Prudent Management of Institutional Funds Act* ("FUPMIFA"). The Foundation has interpreted the FUPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulation to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

NOTE B - INVESTMENTS - Continued

In accordance with the FUPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Foundation and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Foundation
7. The investment policies of the Foundation

*Return Objectives, Risk Parameters, and Strategies*

The Foundation has adopted an investment and spending policy for endowment assets that attempts to preserve the real (inflation adjusted) value of endowment assets, increase the real value of the portfolio and facilitate a potential distribution to support some level of future operations. The terms of the operating policies of the endowment funds (the "Fund") requires that the Fund will be managed by the Executive Committee and approved by the Board of Directors. The Executive Committee, along with the Audit and Finance Committee, are responsible to oversee the portfolio's investments and monitor the investments on an ongoing basis to ensure that long-term objectives are being met.

The Board of Directors has agreed to a target asset allocation for the portfolio's assets and seeks advice from a professional investment management firm which holds the assets. The Fund is to invest funds in accordance with the standards set forth in the Foundation's Investment Policy Statement (IPS).

*The Endowment Fund Spending Policy*

The Foundation's Board of Directors, on the recommendation of the Executive Committee, has adopted a spending policy that governs the annual distributions from the endowment fund that may be expended for current operations of the Foundation. This policy authorizes the Foundation to distribute from its endowment fund a specified percentage, to be determined by the Board of Directors (Board) from time to time, of the current market at budget time or year-end of the endowment fund.

Special Operations Warrior Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2016 and 2015

NOTE B - INVESTMENTS - Continued

The policy also allows the Board to base the distribution formula on the average market value over a period of several years as it chooses to do so. For the year ended December 31, 2016 the Board of Directors has elected not to distribute any funds from the endowment in order to grow the endowment fund.

Distributions cannot exceed the accumulated unspent earnings of the endowment without the approval of the Foundation's Board. Income earned in excess of the spending rate may be reinvested in endowment principal. This is consistent with the Foundation's objective to maintain the purchasing power of endowment assets as well as to provide additional real growth through investment return.

Changes in the endowment's assets are as follows for the years ended December 31, 2016 and 2015:

	Unrestricted Board Designated	Temporarily Restricted	Permanently Restricted	Total
Endowment assets at December 31, 2014	\$ 85,077,494	\$ -	\$ -	\$ 85,077,494

Endowment assets at December 31, 2016	<u>\$ 102,255,792</u>	<u>\$ 36,673</u>	<u>\$ 830,000</u>	<u>\$103,122,465</u>

NOTE C - FAIR VALUE OF FINANCIAL INSTRUMENTS

The Financial Accounting Standards Board's *Accounting Standards Codification 820* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

A fair value measure should reflect the assumptions that market participants would use in pricing the asset or liability, including the assumptions about the risk inherent in a particular valuation technique, the effect of a restriction on the sale or use of an asset and the risk of nonperformance.

Special Operations Warrior Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2016 and 2015

NOTE C - FAIR VALUE OF FINANCIAL INSTRUMENTS - Continued

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 valuations, where the valuation is based on quoted market prices for identical assets or liabilities traded in active markets (which include exchanges and over-the-counter markets with sufficient volume),
- Level 2 valuations, where the valuation is based on quoted market prices for similar instruments traded in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market, and
- Level 3 valuations, where the valuation is generated from model-based techniques that use significant assumptions not observable in the market, but observable based on organization-specific data. These unobservable assumptions reflect the organization's own estimates for assumptions that market participants would use in pricing the asset or liability. Valuation techniques typically include option pricing models, discounted cash flow models and similar techniques, but may also include the use of market prices of assets or liabilities that are not directly comparable to the subject asset or liability.

ITEMS MEASURED AT FAIR VALUE ON A RECURRING BASIS

Cash and cash equivalents consist of cash deposits with financial institutions and money market funds. The Foundation uses quoted market prices of identical assets on active exchanges, or Level 1 valuations.

Investments primarily consist of publicly traded stocks, bonds and mutual funds. The Foundation uses quoted market prices of identical assets on active exchanges, or Level 1 valuations.

Accrued scholarships payable are based upon the number of potential students, actual costs, funding from other sources of college tuition, and management's estimates about the future costs of college tuition, future inflation and discount rates, or Level 3 valuations.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - PLEDGES RECEIVABLE

Pledges receivable represent unconditional promises to give by donors. Pledges that are expected to be collected after one year have been discounted using a rate of 3%, and are reflected in the financial statements at their net present value. Pledges receivable consist of the following at December 31, 2016 and 2015:

	<u>2016</u>	<u>2015</u>
Total unconditional pledges	\$ 458,808	\$ 555,591

Assets not in service	<u>-</u>	<u>32,049</u>
	<u>\$ 879,986</u>	<u>\$ 916,615</u>

NOTE F - ACCRUED SCHOLARSHIPS PAYABLE

The Foundation assumes a liability for scholarship assistance for all children of Special Operations soldiers killed in the line of duty as of December 31, 2016. This liability exists until the child graduates college, or the child turns 26 years old (30 if they have served in the military). In 2015, the Foundation's Board of Directors voted to change the policy from providing full funding for the average national expense for a public college to allow children to attend any college they qualify to attend.

Every student's need is different based on the college they are qualified to attend. The liability accrued is at a significantly lesser rate than the maximum averages, since the Foundation leverages its scholarships with other sources of college assistance. As such, the liability is recorded at the average amount paid per student by the Foundation, based on known casualties at December 31, 2016. During 2016, the Foundation added 40 children to the scholarship program.

In computing the accrued scholarship liability, the Foundation estimates that college costs will grow at a rate greater than or equal to the inflation rate (5.0% at December 31, 2016 and 2015). The liability is then discounted to its net present value using a discount rate of 1.7%.

NOTE G - TEMPORARILY RESTRICTED AND PERMANENTLY RESTRICTED NET ASSETS

Temporarily restricted net assets contain donor-imposed restrictions that expire upon the passage of time or once specific actions are undertaken by the Foundation. The net assets are then released and reclassified to unrestricted support when these restrictions are satisfied. Temporarily restricted net assets totaled \$177,991 and \$186,047 at December 31, 2016 and 2015, respectively, resulting primarily from time restrictions from pledges receivable.

Special Operations Warrior Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2016 and 2015

NOTE G - TEMPORARILY RESTRICTED AND PERMANENTLY RESTRICTED NET ASSETS  
- Continued

Permanently restricted net assets are subject to donor stipulations requiring that they be maintained permanently, thereby restricting the use of principal. The income generated from the investment of permanently restricted net assets is used to provide financial support to the Foundation.

The Foundation transferred \$100,000 and \$400,000 to permanently restricted net assets during the years ended December 2016 and 2015, respectively, as certain donors modified prior gifts to fund the Foundation's permanently restricted endowment. The Foundation has permanently restricted net assets of \$830,000 and \$415,000 at December 31, 2016 and 2015, respectively.

NOTE H - OPERATING LEASES

The Foundation leases certain equipment under non-cancelable operating leases. Approximate future minimum payments under the operating lease agreements are as follows:

<u>Year ending December 31,</u>	
2017	\$ 17,600
2018	<u>10,600</u>
	<u>\$ 28,200</u>

Rent expenses for the Foundation totaled approximately \$20,600 for each of the years ended December 31, 2016 and 2015.

NOTE I - EMPLOYEE BENEFIT PLAN

The Foundation maintains a defined contribution 401(k) plan that provides benefits to all employees who have reached 18 years of age and have completed one year of service. The Foundation contributes 3% of employees' annual salary. In 2016, a profit sharing contribution was also approved. Contributions to the plan approximated \$105,600 and \$105,300 for the years ended December 31, 2016 and 2015, respectively.

NOTE J - SUBSEQUENT EVENTS

The Foundation has evaluated events and transactions occurring subsequent to December 31, 2016 as of April 27, 2017 which is the date the financial statements were available to be issued.
